

ArtSparcs Workshops

How it Works

We make it easy to bring ArtSparcs workshops to your community! You secure a space and help spread the word, and the ArtSparcs team handles everything else- from registration to clean up.

ArtSparcs provides you with customized promotional materials for marketing and workshop promotion. Participants register and pay in advance through the ArtSparcs website or by mail. Registration is closed when the workshop reaches capacity (usually ten participants).

The ArtSparcs facilitator arrives a half hour before the workshop begins, so space needs to be reserved for a 2 1/2 hour block to accommodate time for set up and clean up.

Risk-Free!

There is no minimum number of participants, and as the organizer, you get to attend free of charge. Absolutely no experience in art is required. This workshop is for anyone who wants to strengthen their creative skills, learn a new way to relax, or just try something new!

Life Long Learning

Participants will learn:

- How we can improve our ability to think innovatively beyond "thinking outside the box" by "thinking inside-the-sphere".
- The 5 Factors of innovation and how to start strengthening them today
- How practicing innovation can support brain health and well-being.

What to Expect

- One and half hours of fun in an encouraging, low stress environment
- One-to-one guidance on art processes
- A SPARCS Method experiment using a variety of art processes and mediums

Cost

\$45 per participant includes all materials and supplies.
